#### ASL – eWaste fundraiser drop-off information

#### Newsletter

The 2,600 newsletters were printed up courtesy of Mike’s Buchanan Ingersoll & Rooney law firm. Matt Freeman and Ron White organized the membership district into 62 sections and printed up the distribution maps. Matt received a strong response to his email to the membership asking for help in distributing newsletters.

#### Miracle Mt Project and other goings on

No activity on Miracle Mountain. The development of the lot by the Dance studio by Snell and Santa Teresa is on hold.

#### Update on BEST

Dave would like consensus on having the top four sponsors have links off the STFNA web site, and have two minutes each at the Spring Association meeting. Gift certificates preferred, but cash could be done on a visa cash card. Discussed whether to allow the high donor the choice of category or have each donor split their donation among the four winners. The board was okay with the links on the web page, and leaned towards one donor per category, where the donor could make the award presentation at the spring general association meeting. Dave will have a handout at the fall association meeting this month. At the spring meeting, Dave suggested to make the award presentation similar to the Academy Awards. Matt will create a special award in recognition of STHS’ new landscaping.
